Technical drawing of a magnetic switch assembly. The drawing shows a cross-section of a rectangular component with two circular holes. The distance between the centers of the two holes is labeled as 4.8. The diameter of the holes is labeled as $\phi 4$. The distance from the center of the holes to the bottom edge of the component is labeled as 2.5. A label "磁性开关安装槽" (Magnetic switch installation slot) points to the top edge of the component.
